

I understand that you are considering changes in broadcasting of local fm translators that may affect my ability to receive K-Love broadcasts. Please do not make this change. K-Love is a unique radio station that serves a need no other station in my community addresses.

Every other Christian station fills most of its air time with talk and right-wing political programming that I find distorted, disturbing, and offensive. K-love is positive and encouraging, and allows no politically positioned advertising or programming--just music and the good news of God's grace and love in every life on this planet. This message is desperately needed in my community, in my country, and in the world, and I hope you will resist the profiteers and do everything possible to allow it. As a K-Love listener, I am blessed over and over by the positive messages and by the fact that the station is not for profit. For-profit broadcasting always sells out to the highest bidder, no matter what the theme. I would hate to lose the values represented by this station.
